Bully Bubba

The Uncle Brothers

Everybody's bitter about bully Bubba
Cause Bubba is the biggest bully in the whole school
Bully Bubba belts out big bully banter
But bully Bubba doesn't know that bullies aren't cool

Now Bubba makes fun of kids that are smaller
That's how he feels better 'bout himself
People that are mean have lower self esteem
They think they can take it from everybody else
My friend Johnny met a boy like Bubba
It got so bad he didn't want to go to school
But he talked to his teachers and he talked to his parents
And then he learned why bullies do the things they do (chorus)

So what should you do when you meet someone like Bubba?
Should you run, or hide, and what should you say?
Try to act brave and try to ignor 'em
Cause when you ignor bullies their power goes away
You need to tell someone cause telling isn't tattling
Telling's what we do to protect you and me
And never join in and watch a bully bully
An audience is really all a bully ever needs (chorus)

Now here's a little story 'bout the smallest little girl
With the largest little heart that you never did see
Now Bubba one day made a mistake and tried to bully her
And what happened next you really won't believe
Then she stared him the eyes and never even cried
Then all of Bubba's friends began to laugh at him
Bubba put his head down and walked passed everyone
And never bothered anybody ever again (chorus)

Most Valuable Player

Performed by: Nancy Tucker

I know a kid used to play on my team
The most valuable player I know
That player wasn't the best at the game
But to me that kid looked like a pro

Chorus

Played hard, played fair, treated other kids with kids
No matter what the scoreboard said
That kids came out a winner, always won the game
Now we had some games where nothing went right
And we would be badly behind
But that kid kept trying and never gave up
Till we were all out of time

Chorus

Now some of us teammates would make a mistake
By kicking the ball the wrong way
But that kid would never give us a hard time
Just say good try that's ok

Chorus

Now some of us kid the referee hates us
So once in a while why not cheat
But that kid would always play be the rules
Even though we might get beat

Chorus

So anytime that I play one a team
I want that kid on my side
I know that I can pay that way too
It's finally time that I tried

Chorus

Time In Time Out

Hipwaders

I spent time in time-out today
Believe me I didn't play it this way
If I had a choice I wouldn't listen to that voice
That says "disregard, disrupt, disrespect, disobey"

I'll try and do better
Can't stand to sit alone in my room
Books and rocks and toys that talk
Can't take the place of someone
To share in my gloom

I pulled one card
I pulled two cards
I pulled three cards
I pulled four...and many, many more...

I spent time in time-out today

Mean Ogre

Mary Kaye

You say I'm a mean ogre...you want me to change for you.

You say I'm a mean ogre...well, what can I say? It's true.

You say I'm a mean ogre...you want me to change for you.

You say I'm a mean ogre...well, what can I say? It's true.

I've changed into snakes. I've changed into squid...various insects...flea...katydid.

But the way that I won't change, is the way that you need.

I will always be nasty and full of greed.

I've changed into camels. I've changed into mice.

I might change on the outside, but I will never be nice.

You say I'm a mean ogre...you want me to change for you.

You say I'm a mean ogre...well, what can I say? It's true.

You say I'm a mean ogre...you want me to change for you.

You say I'm a mean ogre...well, what can I say? It's true.

Well, what can I say? It's true.

Me Last Attitude

The Happy Crowd

The family's all packed and ready to go,
For an hour or two you'll be hittin' the road,
Three kids in the back in the summer heat,
But who gets the window seat?

And that's when you need a:

Me last attitude, in every thing you do,
Me last attitude, it'll come back to you
Me last attitude, use it every day,
Me last attitude, it'll come back your way.

The younger kids all think it's mean,
When choosing sides for a baseball team,
They always get picked after all the rest,
So pick 'em first, and do your best,

That's when you've got a:

Me last attitude, in every thing you do,
Me last attitude, it'll come back to you
Me last attitude, use it every day,
Me last attitude, it'll come back your way.

Now in this great big world, there's a lot of give and take,
So why not give for another's sake?

If someone you know needs something more than you,
Just help to make it happen, and you'll come shining through.

(Attitude, Attitude, give your friends latitude,
Stand back, stand down, and you'll see it come around,
Attitude, Attitude, give your friends latitude,
Stand back, stand down, and you'll see it come around)

The ice cream man's comin' down the street,
Grab some change and jump to your feet,
Your neighborhood friends meet you at the curb,
But who's gonna be the first served?

That's when you need it:

That's when you've got it:

Me last attitude, in every thing you do,
Me last attitude, it'll come back to you
Me last attitude, use it every day,
Me last attitude, it'll come back your way.

But there times... I think we're enemies.

I can't wait to show you the fort I built behind our school
And play you that new song I wrote, I know you're gonna think it's cool.
But all you wanna do is race me to edge of town
Step on all my toes, and boss me around.

My best friend
I think we'll always be
Such good friends
You mean the world to me.
But there are times...times...times

*Times you drive me crazy--such a pain in my neck
Calling me names when I'm just trying my best.
Why you always telling me what we should do?
The world is always changin', but this remains true...*

Time is a-wasting, sun is comin' down the other side
I've counted past ten and you haven't even tried to hide.
You'll say white is black and I'll say black is white
But everything's okay even if we don't see eye-to-eye.

My best friend
I think we'll always be
Such good friends
You mean the world to me.

One and Only Me

Janet Planet

Once upon a time I was just a dream
Now here I am trying to find just how
I fit in this grand scheme
I have days when I wonder what I'm doing here
But the answer that I get is always loud and clear

Chorus:

I'm the one and only me,
That's all I need to be
Nothing more and nothing less
I'm the one and only me
And that's good enough
To do what I do best
All I've got to be
Is the one and only me

Sometimes I will succeed
And sometimes I make mistakes
But life's about the journey
And not always about the race
I'll just be who I am
And shine like a star
For all the world to see
That I can go far

Bridge:

I have worth I have soul I can love
And I am bold if I can do it so can you
Dare to be the one and only you

SHE WOULD HELP ME OUT
SHE WAS GLAD THAT I TOLD HER ABOUT

THERE WAS NO NEED TO FEEL LIKE A FOOL
TALKING WAS THE RIGHT THING TO DO
NOW I FEEL MUCH BETTER ABOUT GOING TO SCHOOL

I'm Sorry

Susan Salidor

I'm sorry I did that thing that I did
That made you mad
I'm sorry I said that thing that I said
That made you sad

When I saw you cry, I could not believe my eyes.
I'm sorry I did that thing that I did
I apologize.

I saw you fall and I started to laugh
Cause I wasn't thinking about much at all
I sure wasn't thinking about how you felt
Or if you got hurt
Or how it was that you fell

I have to remember that you are my friend
Now and forever, our friendship won't end

And I don't like to see you cry
And I don't want to make you cry

I'm sorry I did that thing that I did
That made you mad
I'm sorry I said that thing that I said
That made you sad

When I saw you cry, I could not believe my eyes.
I'm sorry I did that thing that I did
I apologize.

I Can Make A Difference

J.P. Taylor and The Academics

In this big world it's easy to feel small
Like whatever you do won't make a difference at all
You see it everyday, it's what all the people say
But I'm here to tell you, don't believe that it's true
Because I, I can make a difference in this world
And I'm like no one else, man or woman, boy or girl
And what I dream, I can make into reality
Yes, I can make a difference in this world, just wait and see
The pictures on the news, babies with no food
Fighting in the streets and people with no shoes
It's always been that way, that's what all the people say
Nothing you can do, don't believe that it's true
Because you, you can make a difference in this world
And you're like no one else, man or woman, boy or girl
And what you dream, you can make into reality
Yes, you can make a difference in this world, just wait and see
And as the world is turning, the forests keep on burning
The animals are dying, has everyone stopped trying?
You see it everyday now, we've got to find a way now
I know there must be somehow, oh won't you help me find out?
Because we, we can make a difference in this world
And we're like no one else, man or woman, boy or girl
And what we dream, we can make into reality
Yes, we can make a difference in this world - you and me

I'm a pretty nice kid

Boy this was a bad day today (Doufus!)

Then seven kids all ran away from me (Pee-yew!)

I said, "Stop it, or I'll tell, "

"Tell, tell, you smell!"

Then I asked some boys if I could play (Bump-ow!)

Then I asked some boys if I could play (Bump-ow!)

They took the ball instead,

and threw it at my head

Then I told the teacher right away (Help. help!)

She said, "If you are wise, you'll all apologize!"

Boy this was a bad day today (Help, help, Bump-ow, Pee-yew, Doufus!)

Then this girl, she told me not to cry (Don't cry)

I won't do it anymore

Don't Bully Me

Glenn Colton

“A bully is a person who acts tough, and intimidates us with their words and their actions. To keep our school bully-free, you can remember four helpful strategies with the word “FISH”: Be a FRIEND, I – IGNORE the person who is picking on you, S – Ask the person to STOP, H – Ask an adult for HELP.

There's a bully on my street
Always steppin' on my feet
These three words I will repeat
Don't bully me! Don't bully me!

BULLY, HOW CAN I HELP YOU?
IT'S NOT RIGHT THE THINGS YOU DO
YOU HURT INSIDE I KNOW IT'S TRUE
(BUT) DON'T BULLY ME!
DON'T BULLY ME!

*Peace and harmony
Sounds so good to me
Kindness that's the key
Don't bully me!
Don't bully me*

Bullies are like babies in disguise
Afraid to pick on someone their own size
These three words are no surprise
Don't bully me! Don't bully me!

CHORUS: repeat
